PRESS NOTE

Are you a resident of Kolkata Municipal Corporation (KMC)/ New Town Kolkata Development Authority (NKDA) area/Bidhannagar Municipal Corporation, and an expectant 2nd dose COVID vaccinee, who has taken the 1st dose in a private hospital and are now anxious about how to get the 2nd dose, as there are no vaccines available with them for you?

If yes, did you know that **you may walk into any government health facility** of the KMC, NKDA or BMC for getting your 2nd dose, **free of cost?**

However, if your 2nd dose is overdue (>56 days from first dose of Covidshield or >42 days for Covaxin),then just walk into the facilities mentioned (list given). You shall be administered the second dose.

For your greater convenience, the government has tagged each private hospital with a government health facility (please see list given) which you can walk into and get your 2nd dose.

For example, if you have taken your 1st dose in AMRI Dhakuria, then you should ideally visit the government health facility which is tagged to AMRI Dhakuria i.e., KMC Urban Primary Health Centre - 87 for Covishield and KMC Urban Primary Health Centre - 90 for Covaxin.

You can also visit any of the major Government hospitals given in the list for taking your 2ndvaccine dose in a similar walk-in manner, and get yourself vaccinated for free.

For vaccination at the said government facilities, **please carry one of your photo identification documents like Voter ID/Aadhaar/Passport/PAN Card etc. along with a proof of your first dose of vaccine received (i.e the SMS which you had received on receipt of first dose)**

The State Government is working to evolve a more precise and convenient information dissemination system for the benefit of all intending COVID vaccines. However, if your 2nd dose is overdue, then just walk into any of the facilities that have been given in the list.

KOLKATA MUNICIPAL CORPORATION
